

BHARATH BARIGADA

Data Analyst | Power BI | SQL | Excel |
+91 9491929388 | Bharathbarigeda4@gmail.com | Visakhapatnam, India

PROFESSIONAL SUMMARY

Motivated and detail-oriented aspiring Data Analyst and Power BI Developer with hands-on knowledge of SQL, Excel, Power BI, and Python basics. Skilled in data cleaning, dashboard creation, and transforming raw data into meaningful business insights. Experienced in analysing sales data, creating interactive reports, and generating visual dashboards to support decision-making. Passionate about solving business problems using data analytics and visualization techniques while continuously learning modern data technologies.

KEY TECHNICAL SKILLS

Data Analysis & Visualization	Power BI, Microsoft Excel, Data Visualization, Dashboard Creation, Power Query
Programming & Database	SQL, Python Basics
Data Processing	Data Cleaning, Data Transformation, Business Insights Generation, Report Automation
Tools & Concepts	Interactive Dashboards, KPI Reporting, Sales Analysis, Data Reporting, Trend Analysis

PROJECTS : 1

Pizza Sales Analysis Using Excel

Technologies Used: SQL, Excel

Project Description:

- Analyzed pizza sales data to identify sales trends, revenue growth, and customer purchasing patterns.
- Created interactive Power BI dashboards for yearly, monthly, and daily sales analysis.
- Identified maximum and minimum selling pizzas to support inventory and sales decisions.
- Generated Top 5 and Bottom 5 selling pizza reports using SQL queries and Power BI visualizations.
- Cleaned and transformed raw datasets using Power Query by handling null values and correcting inconsistent data.
- Built charts and visual reports to improve business performance tracking and decision-making.
- Utilized Excel and SQL for data analysis, aggregation, and reporting.

PROJECTS : 2

Pizza Sales Analysis Using Powerbi

Technologies Used: SQL, PowerBI

- **Project Description:** Analyzed sales trends, revenue growth, and customer purchasing patterns
- Built interactive Power BI dashboards for yearly, monthly, and daily sales insights
- Identified top-selling and low-selling pizzas to support business decision-making
- Created Top 5 and Bottom 5 sales performance reports using SQL and Power BI
- Cleaned and transformed raw data using Power Query
- Used Excel, SQL, and Power BI to generate actionable business insights
- Developed skills in Data Analysis, Data Visualization, SQL, and Business Intelligence
- Improved understanding of dashboard creation and KPI analysis using real-world sales data

ACADEMIC QUALIFICATION

Bachelor's Degree | Sankethika Engineering College | 2018-22

CERTIFICATIONS

- *Python Entry Level Certification*
- *Power BI Entry Level Certification*

ADDITIONAL STRENGTHS

- *Analytical Thinking*
- *Problem Solving*
- *Attention to Detail*
- *Quick Learner*
- *Team Collaboration*
- *Communication Skills*
